Hi
Gorgeous

A cluster of decorative sparkles consisting of several small black dots and four larger, four-pointed starburst shapes, arranged in a loose, upward-pointing pattern to the right of the word 'Gorgeous'.

If you are reading this, I probably have already fallen in love with the work that you do and I would feel very honoured to collaborate with you and your brand. I hope Bondi Letters values and products resonate with you so we can start this journey together.

ABOUT BONDI LETTERS

“Bondi Letters is a one woman business based in Bondi Beach, Australia. What started as a hobby is now a brand that uses Calligraphy as its vehicle to convey a bit of magic through unique workshops and products. Calligraphy has been not only the tool but the gate to connect myself back to creativity, after so many years detached from it working in the construction industry. It is my wish and purpose to make this accessible to as many people as possible through my workshops, so that they can too re-connect with their inner creative selves. I believe in the power of words, especially words of affirmation. All my products have one big purpose, to resonate in the heart of the person that needs to find them”
